RE: Delphos, Ohio Facility

Following is a report concerning drums located at 901 South Main Street, Delphos, Ohio. The report and bid from Cousins Environmental Services for removal of the drums considers the following:

- A. Total drums at sight: 54
- B. Breakdown:
 - 1. 43 - Empty
 - 2. 5 - Water Soluble Paint
 - 3. 6 - Vinyl Coating

We would remove and dispose of all drums as soon as possible per the Cousins proposal.

Also please note the enclosed remediation charges for services provided by Interdyne Corporation in June 1994. The services apparently were provided in an emergency basis for spillage of one of the containers so marked with vinyl coating designation.

Other, more detailed environmental information and discoveries concerning this facility are available per your request.

Re: ORB01

Dear Troy:

The following is your quotation is for transportation and disposal of 43 empty drums:

Disposal @ \$15.00 each	\$645.00
Transportation - flat fee	\$200.00

Total due at time of pick-up \$845.00

Make check payable to Cousins Waste Control and send it back with the driver.

Our dispatcher will call you with a date and time of the pick-up so you can meet our driver. I will get in touch with you on the other waste materials as soon as I get the results.

Acceptance of this quotation or completion of services stated above indicates that you agree to stated prices, terms of payment, and all standard Terms and Conditions listed on the reverse side.

If prices are acceptable, please sign the acknowledgment below and return to me in the envelope provided.

If you have any questions, please contact me. Thank you for the opportunity to provide service.

Sincerely,

Shirley Frlich-Thorzynski

Re: ORB01

Dear Troy:

The following is a quotation for the drums of vinyl coating and water soluble paint that our Technical Services Field Technician sampled on March 24, 1994.

We are able to combine these materials into two (2) waste streams and the cost will be as follows:

Drum #1,4,5,6, and 8
Water Soluble Paint
Chem-Met Approval Fee
Disposal Cost

\$ 150.00 flat
\$ 130.00 per drum

Drum #7,9,10,11,12, and 13
Vinyl Coating
Petro-Chem Processing Fee
Disposal Cost

\$ 150.00 flat
\$ 115.00 per drum

Please note, before we can proceed, Cousins Waste Control would require the two (2) approval fees up front for a total of \$300.00.

Once approved, based on the number of drums you now have for disposal, your cost will be as follows:

Five drums for disposal at Chem-Met \$ 650.00

Six drums for disposal at Petro-Chem \$ 690.00

Transportation for pick-up and disposal on a "milk-run" only \$ 350.00

Your total cost will be \$1,690.00

NOTE: This excludes the \$300.00 for approval fees
